COMMISSIONERS PLEASED,

SUMMER ILLS

The exhausting heat of the Summer weather causes untold suffering and misery to thousands of men, women and children. Deaths occur on all sides from diarrhoca, dysentery, chills, cholera morbus, typhoid and other fevers, due in a great number of cases to impure water and the consumption of unripe fruits by those whose systems and stomachs are not in a healthy condition.

The many ills that come during the hot, sultry weather can be avoided by keeping the body strong and healthy with Duffy's Malt Whiskey, the great body-builder.

If all were more careful to keep the system in a vigorous, healthy condition the germs of these diseases could not obtain a foothold. Leading doctors agree that Duffy's Pure Malt Whiskey has no equal as a destroyer of poisonous germs in the body. It is indorsed by the clergy and professional nurses and recommend-ISpecial to The Times-Dispatch.]

BECOMING

Is an ordeal which all women approach with indescribable fear, for nothing compares with the pain and horror of child-birth. The thought of the suffering and danger in store for her, robs the expectant mother

of all pleasant anticipations of the coming event, and casts over her a shadow of gloom which cannot be shaken off. Thousands of women have found that the use of Mother's Friend during pregnancy robs confinement of all pain and danger, and insures safety to life of mother and child. This scientific liniment is a god-send to all women at the time of their most critical trial. Not only does Mother's Friend carry women safely through the perils of child-birth, but its use gently prepares the system for the coming event, prevents "morning sickness." and other dis-

PINKERTON PLOT

BOISE, IDAHO, July 23.—Forsaking the cry of vengeance as Orchard's motive for the murder of former Governor Steunenberg, Attorney E. F. Richadson argued that Orchard was in the employ of the Pinker detective agency when he killed Steuenberg and that the murder was a part of a conspiracy to hang Haywood.

This sudden departure was followed by a tremendous denunciation of Captain James McPartland, and the Pinkertons, and passionate vituperation of Orchard, Governor Gooding, of

all who ever acted on the side of the prosecution of Haywood came in for a share of the avalanche of Richardson's peroration.

Mr. Richardson denounced and denounced and charged the Pinkerton detective agency with a systematic wood, Moyer and Pettibone as a means plot to secure the conviction of Hayto the desired extermination of the Western Federation of Miners.

Clarence Darrow will commence his agument in Haywood's behalf when court meets to-morrow morning. It is expected that he will require two days to close for the defense.

Declaring Harry Orchard was a man possessed with a lust for murder, a desire to glut a disordered brain with blood of his fellowman, Attorney Richardson, continuing his plea for the life of William D. Haywood, told the jury to-day that the defense was ready and willing to admit that Orchard was painted as a man who fancied there was glory in spectaction.

Orchard was painted as a man who fancied there was glory in spectaction. Day after day opportunity was presented to him to kill Stounenberg in comparative safety to himself, but rather than shoot a man glant stature, the attorney said, offered a target as "big as the side of a barn door," Orchard planted a bomb and planned the deed so that it might attract the greatest amount of attention.

Elekandean assented that Orchard the provision of destination, and then the provision of destination, and then the provision of destination, and then the provision of the plant of the provision of

Ridicules Orchard's Story.

Of Orchard's story of many of his attempts upon the lives of men said to have been marked for death by the federation, Mr. Richardson said it was the most absurd inling on the face of the earth. He declared that it would be a long time before the law would sanction a conviction on such testimony as has been adduced against Haywood, and he pleaded with the jury not to put a halter about the neck of his client "at the behest of the Mine Owners' Association and its representatives."

Concluding his address, Mr. Richardson said he left the case with all confidence in the hands of the jury for such determination as it saw fit. Court at 7,225 P. M. adjourned until
